

Chef Joseff VanHorn | Owner YoChef's Catering Company

Chef Joseff started in hospitality at the age of 15. While his high school friends were flipping burgers, he was shucking oysters and cleaning mussels at the 1913 Room. Chef Joseff obtained most of his culinary skills from the University of Hard knocks, mentoring under great chefs in Grand Rapids and San Diego. Having collected 20 years of experience as a general manager and over a decade as an executive chef, he was ready to start his dream catering company in 2009: YoChef's Catering. Before the year was over, Chef Joseff was the personal chef for the cast and crew of nine feature films that ventured into West MI. His culinary delights were sampled by the likes of Louis Fletcher, Bruce Willis, and 50 Cent. When asked what secret to success is, he simply says "I cook with flavor and my secret ingredient is love!"
